

Summer Springboard: Emergency Action Plans

UC Berkeley 2026

Each Program Director to complete a copy of this document uploaded to [this folder](#). Campus Director - revisit/adjust as needed between sessions & inform their PD.

This document is to be carried in the first aid kit at all times and to be made known to students & all staff involved on SSB programs as part of onboarding/orientation. [Campus Map](#) (pdf)

IMPORTANT EMERGENCY NUMBERS {2024} If an emergency occurs, the latest info will be posted on [Berkeley News](#) and [Berkeley System Status](#). This is the current status of campus [computer systems](#). Please add your contact information to Berkeley's [WarnMe](#) system so that Campus Directors and Asst Campus Directors are informed of any campus emergency

New for 2026's EAP plan - UC Berkeley has enhanced their campus alert systems. Everyone has previously signed up for campus safety alerts on the Everbridge platform. However, the university will no longer be sending alerts through this channel. They are sending this communication to invite everyone to register for continued receipt of WarnMe messages via the new UC Berkeley Safety App. Everyone can download the app for free on both [Apple](#) and [Android](#) devices. Turn on notifications once downloaded, and everyone will receive UC Berkeley's emergency notifications, timely warnings, and community advisories.

Text 'WARNME' to 67283 to receive only emergency notifications via SMS.

MOST COMMON HAZARDS

Circle One(s) as applicable: [Earthquake](#), [Flooding](#), [Tsunami \(new for 2025 & 2026\)](#), [Lightning Strikes](#), [Hurricane](#), [Wildfire](#), [mass shooting](#), [heat wave](#). Other (list) [Civil Unrest \(Protest\)](#), [Suspicious Packages](#), [Hazardous Materials](#), [Utility Outages](#), [targeted violence/active threat](#)

Emergency Plan in event of: Earthquake	Emergency Plan in event of: Active Shooting event
<i>Meeting points:</i> <i>Residence Halls</i> - To find the EAA check with your RA or designated signs in your unit posted in the exits and stairways. Memorial Glade for Stanley Hall (lab & classroom)	Berkeley has adopted the “Run-Hide-Fight” model as the standard protocol for active threat awareness and training. RUN - If you can safely evacuate yourself, do so quickly. Grab only your cell phone and GO. Encourage others to

The Emergency Assembly Area (EAA) for a campus building is noted on the Emergency Procedures signs posted by exits and stairways. EAAs are open areas located a safe distance from a building that serve as rally points during an evacuation. (EAAs should not be confused with Designated Waiting Areas.) All Buildings' Exit Routes and Stairways USGS Earthquake Map	also evacuate but do not lag behind. Once you are in a safe location, dial 911. HIDE - If you are unable to safely evacuate, lock doors, barricade entryways, turn off all lights, silence cell phones, and seek cover. FIGHT - As a last resort, if you can't run or hide, make a plan to fight for your life. Grab any object within reach to distract and incapacitate the shooter/attacker. Review this short (9 min) training video Generally, unless specifically instructed otherwise, students should return to their residence hall room. However, as is true in all instances, use your best judgment based on your knowledge of your specific situation and what is occurring around you. If you are in a dining facility when a lockdown is called for, pay attention to instructions from WarnMe alerts and/or dining hall staff. You may, for example, need to stay in the dining hall during a lockdown for safety reasons. Only leave (and, for example, return to your residential hall) if you've been given the clearance to do so. In some instances, students may be directed to leave the campus and "go home" - in which case for those students who live in residential halls, you should quickly return to your residential hall room. If one lives off-campus, one should leave the campus as directed. Q: What are some basic protocols that an instructor should follow when an SIP or lockdown alert occurs during class? Lockdown and barricade, and prepare to counter or escape if the armed intruder enters your classroom. Monitor WarnMe and await further instructions. Q: For those teaching in buildings that lock from the outside, not from inside the classroom, what is expected to be done for safety in an active shooter situation? Lockdown and barricade doors with furniture, and prepare to counter or escape if the armed intruder enters your classroom. Monitor WarnMe and await further instructions.
<i>Backup Meeting location:</i>	<i>Backup Meeting location: (see notes above)</i>
<i>Immediate steps taken to prepare:</i> Berkeley's Earthquake Preparedness website listen to KALX 90.7 FM, 1610 AM or Regional news KCBS (740 AM)	<i>Immediate steps taken to prepare:</i> If you see a person with a weapon on campus, immediately call 9-1-1 or 510-642-3333

During an Earthquake

Indoors:

- DROP to the floor immediately
- Take COVER under sturdy furniture (or near an interior wall) and protect your head with your elbows and arms
- HOLD ON until the shaking stops
- Immediately evacuate the building once the shaking stops

Outdoors:

- Move away from buildings, power lines, and trees
- DROP, COVER, and HOLD ON to keep yourself stable and protect yourself from falling/thrown objects
- If you are driving, pull over in a clear area

Other Tips:

- Stay away from windows and other objects that can fall on you
- Do NOT run outside
- Do NOT stand in a doorway (it's safer under sturdy furniture)
- Do NOT use the elevators when evacuating a building

After an Earthquake

- Check yourself for injuries
- Exit campus buildings and go to an Emergency Assembly Area (EAA) or open space; if you are off-campus, stay only if the building is structurally safe
- Don't tie up phone lines if it's a non-life-threatening emergency; use text messages and social media
- Do NOT re-enter buildings until allowed by emergency personnel
- Be prepared for potential aftershocks and remain vigilant of falling debris

Signaling for Help

In the unlikely event that you are trapped by falling debris:

- Don't yell because you may inhale dust
- Tap on metal objects to get attention (3 consecutive taps is a universal SOS)
- Use your mobile phone to call 911 (510-642-3333 on campus) to alert emergency personnel to your location
- Do NOT light a match due to potential gas leaks; use your cell phone's flashlight if available

How to Shelter in Place

Close all doors and windows

Move away from exterior doors and windows

Be prepared to leave at a moment's notice

Stay in the know. Watch for [UCB WarnMe alerts](#), visit the [Berkeley News](#)

(link is external)

page, and listen to [KALX 90.7 FM](#)

(link is external)

Shelter in Place vs. Campus Lockdown (Secure in Place)

A Campus Lockdown (a.k.a Secure in Place) may be called if there is a violent or aggressive person on campus.

If you are asked to Secure in Place:

- Lock and barricade doors
- Move away from doors and windows
- Close window shades, turn off lights, and stay low

Emergency Plan in event of: Wildfire

Office of Emergency Mgmt's [Fires & Smoke](#) plans

Emergency Plan in event of: Building Fires

Building Fires

*Take the [closest exit](#) (link is external)
(use the stairs, never elevators)*

Feel door handles with the back of your hand; if warm, find a different exit

If you can't exit:

	Call 911 (510-642-3333 via cell phone) Shove clothing in the gap underneath door frames to prevent smoke from entering the room Seek shelter in a Designated Waiting Area (link is external) Pull the fire alarm as you exit Do NOT re-enter the building until allowed by emergency personnel
Resources Available: (local support networks, satellite phones, etc) <i>In the event that you are without cellular/internet connection** and cannot contact HQ:</i> <i>Stabilize group*Communicate as a team* Follow instructions from local & Rescue teams* Contact Embassy & Insurance*</i> <i>*Continue to try to contact HQ*</i> <i>*many cellphones have an emergency feature which enables you to contact emergency services or embassies.Keep your technology charged at all times*</i>	

HEALTHCARE OPTIONS: *Use back of page for extended notes

QUARANTINE PROCEDURE

Where will a student(s) / staff member(s) quarantine or isolate if needed during the program? Does this quarantine location meet isolation standards? *Please consider current campus/government mandates:

Where will a student(s) / staff member(s) isolate if needed for a post program? Will it be at the same Campus, or another location? If another location, what is the name, address and location of the location?

IN THE EVENT OF AN EMERGENCY

(Ex. Natural Disaster, Political Unrest, Fatality, Serious injury/illness that threatens life or limb, Serious crime that threatens life or physical/mental integrity, Other grave threat to safety/well being of a program participant(s), Potential serious reputation risk to GLA).

1. Follow emergency response protocols in the Program Manual & this Emergency Action Plan
2. Apply First aid as necessary
3. Contact SSB Campus Director
4. Continued monitoring and care for affected individuals, staff, and student group at-large

Note: Do NOT talk to any media and refer them to your SSB Program Director

Campus Emergency Siren System

This siren is tested on the first Wednesday of every month at noon. When you hear campus warning sirens that are not a scheduled drill, remember the following:

SHELTER—SHUT—LISTEN

SHELTER: Go and stay inside.

SHUT: Shut all doors and windows.

LISTEN: Call 800.705.9998, go to emergency.berkeley.edu, or listen to KALX 90.7FM for **instructions**.

Campus WarnMe Service

WarnMe is UC Berkeley's alerting and warning service for students, staff, and faculty. It is activated to contact you when there is an immediate threat to safety or health affecting the campus community. WarnMe can alert you by phone, text message, or email — you choose the best ways to reach you.

You must sign up and opt in to receive messages at: warnme.berkeley.edu.

You can also contact WarnMe to hear recorded information at 1.800.705.9998.

When Emergency Water Transportation is needed:

WETA provides the following emergency water transportation services when requested by Cal OES:

- Movement of survivors under emergency conditions
- Transportation of first responders and DSWs

WETA may also provide emergency water transportation services under its own authority for response to incidents that threaten immediate life safety of Bay Area populations. WETA will plan, manage, operate, and coordinate emergency water transportation for ferry vessels, generally over 149 passengers, as regulated by the USCG, who has the legal authority and ability to monitor and/or control vessel traffic. WETA may also assist with coordination of smaller vessels, such as water taxis, if a specific need is requested.

Not all incidents that may require activation of the WETA EOC will result in implementing The Plan. Likely incidents that will require implementation of The Plan are:

- Major earthquake on a fault underlying the San Francisco Bay region
- Mass conflagration in an urban area abutting San Francisco Bay such as in the Cities of San Francisco and Oakland

- Terrorist event that requires mass movement of survivors due to disruption or closure of surface transportation systems

Mandated Reporting Steps

Mandated Reporter	Barnard's Policy on Protection of Minors
Who: All Summer Springboard staff, including all instructors	Barnard College has a formal Protection of Minors Policy that applies to anyone at the College who interacts with, supervises, chaperones, or oversees minors in College-sponsored programs or activities (this would include pre-college summer programs)
When: If you have a reasonable cause to suspect abuse or maltreatment	Immediate Action: <i>Anyone in the Barnard community with responsibility for minors must immediately report if they have reasonable cause to suspect abuse, maltreatment, or neglect of a minor.</i>
Point of Contact: Immediately to New York State Child Abuse & Maltreatment hotline (1800-342-3720)	Designated Contacts: External State Reporting (New York State Child Abuse & Maltreatment), campus security, conference representative, and SSB on-call channel
Special Notes: All staff working with minors are required to complete the NYS Mandated Reporter training and become certified before working on the program.	Special Notes: <i>If a program staff member, employee, student-employee, volunteer, or instructor learns of potential abuse or neglect of an individual under 18, they must:</i> Call the New York State Child Abuse & Maltreatment Hotline (1-800-342-3720) and obtain the hotline reporter ID and contact name. Notify Barnard's Office of General Counsel or CARES/Title IX office so that internal procedural assistance and coordination can occur.
