

Program Staff Operating Manual

Every staff member will receive a digital copy of the Staff Operating Manual as part of their pre-program training.

This manual contains important information about our summer programs, including but not limited to daily operating procedures, best practices, policies, and emergency plans.

Staff are expected to read the manual as part of their pre-program check prep, and it can also be found on the Staff Portal.

A copy will also be available in each program office for your reference.

For Director's Training you can find the Staff Manual in the DT Portal
