

Culture

- **Culture Defined**

- How we do things every day & the energy we bring
- How we treat students and each other as staff
- What we tolerate vs. what we don't
 - Being curious, but not judgmental
 - **Coaching** on how to learn & grow from mistakes
- Students feeling safe, seen, and supported
- Staff feeling empowered and accountable
- *We hold a high standard—and actually live it*
- “The way you treat people determines whether you’ll get their best effort, a perfunctory effort, or an effort to sabotage you.”
