

Agents

We work with education agents around the world (including the USA) that refer students to SSB.

- They stake their reputation on our program quality and are the pipeline for many enrollments over multiple years. If their clients are happy, they are happy.
- Occasionally, they want to visit the programs and they should be given VIP treatment.
- Most agent students come as individuals, however this summer we have multiple groups including:
 - MIT - large group from UAE (2 sessions) and Thailand (Session 2)
 - Multiple campuses - Spanish agent ASTEX students (VIP agent)
 - Multiple campuses - French agent La Route des Langues students (VIP agent)
- In all non-emergencies, agents should be contacted before families. Please include Eva on any correspondence with agent and inform her if any incidents at all arise with agent students.
