

Staff Policies

During Program Time off

- At least 1 evening (6 pm - 8 am) off during each program session
 - Time off starts once all commuter students have departed
 - Back on duty at breakfast the following morning
 - Staff Agreement stipulates 1 night off per session, but Directors can give more nights off if the program permits it (sessions with fewer students, fewer courses, etc.)
- One mentor off per night (or two as long as staff ratios are maintained)
- **No time off** on Saturday or Sunday nights or final night of session

Between Sessions

- Off from the last Friday of the session (once Campus Director dismisses you - must stay to prep for next session) until Sunday morning at 9am (first day of next session) UNLESS needed to assist with students staying for back to back sessions. In that case, hours between the two sessions will be divided amongst Mentor/Mentors.
 - Exact times are subject to change and based on the needs and readiness of program. The Campus Director has final discretion.
 - Staff may be contacted by the Campus Director or HQ staff during their time off in case of an emergency and are expected to respond and report back.
