Mentor Profiles:

- Mentor 1 (Sasha): Sasha is a returning mentor and has done two Summer Springboard programs in the past. Past CDs have spoken very highly of Sasha and have assured you that he is amazing with the students.
- Mentor 2 (Roman) – Roman was a mentor with Sasha last year at the Michigan campus and has been close friends with Sasha since the day they met. Roman is typically a bit more extroverted than Sasha, and also has great relationships with the students.
- Mentor 3 (Natalie) - This is Natalie's first time being a mentor with Summer Springboard, but she is really excited and is eager to be the best mentor she can be. During pre-program training, you've picked up that she does well with clear structure and instructions.
