Mentor Profiles:

- Mentor 1 (Priya, 30): Warm, student-centered, and deeply empathetic. Priya tends to give students the benefit of the doubt and prefers counseling-based approaches before escalating. She builds close relationships with students quickly, which is both a strength and a boundary challenge.
- Mentor 2 (Eric, 35): Direct, structured, and protocol-driven. Eric believes clear consequences protect the integrity of the program for everyone. He is quick to escalate and sometimes struggles to see the nuance in interpersonal situations.
