Day 5: Boundary Violations

Setting:

Day 5 (Thursday). The program is in full swing. Students have settled into routines and social dynamics have solidified.

What Happens

During the afternoon CRW session, Destiny pulls Eric aside and tells him that Jordan has been texting Maya repeatedly since their conversation on Day 3. She says Maya has not responded to most of the texts, but Jordan keeps sending them. Destiny shows Eric her own phone, where Maya forwarded her some of the messages. The texts are not explicitly threatening, but several say things like "I thought we were closer than this" and "I just need you to hear me out" and "You can't just ignore me."

Eric immediately tells Destiny she was right to come to him. He then goes to find Maya who is in one of the other CRW classrooms to ask her about the messages. Once Eric finds Maya, he pulls her aside and confirms the texts are real. Maya says she is uncomfortable but has not felt physically unsafe. She asks Eric not to make it a big deal.

Eric brings this to Priya after the CRW session. Priya feels Eric overstepped by approaching Maya directly without first discussing it with the team, and that pulling Maya aside in the middle of the class may have made Maya feel like she was in trouble. Eric disagrees and says the situation required immediate action.

That evening during the staff meeting, Eric presents the situation and says Jordan should be issued a written warning and his phone should be confiscated. Priya pushes back, saying Jordan has not been given a chance to share his side and that a verbal warning is more appropriate first.
