

Scenario 1

Your Mentor Gina, come to you CD sharing that:

- b. Sofia and Joe became friends on snapchat several months ago (preprogram) and started a "relationship". Additionally, Joe, Jasmine, and Sofia communicated on snapchat quite regularly, but upon arrival on campus Sofia was "shunned" from the snapchat group of friends.
- c. Jasmine and Sofia were not friends, but Jasmine kept over hearing Joe making cyber bullying threats and came forward. Jasmine, and many other students, have heard Joe name calling Sofia, and telling other kids Sofia is a slut.
- d. Ana (mentor) has a close relationship with Sofia and knows of some sexual abuse history and issues around adoption for Sofia.
- e. Sofia is apparently seeing several therapists, one of which is her Mother.
- f. Kevin (mentor) confronted Joe to seek his side of the story, so that all sides felt they had time to share their side. Joe owned up to making the inappropriate comments and threatening her by posting the picture online.
- g. Sophia feels very uncomfortable with Joe around.
