

Scenario 3

Since the beginning of the summer, there has been tension among the Campus Team at NYSID due to the long hours and misaligned expectations for the job. However, the program is running okay and the students are having a good time. From your understanding, the Mentors have been frustrated with the job but it seems that the Campus Director has been doing their best to handle it.

It is the middle of the first session (of two), three Mentors are threatening to quit because they are “overworked and underpaid.” The Campus Director tried to reason with them and convince them to stay but the Mentors are refusing to speak to the Campus Director.
