

When should an Incident Report be submitted?

- **Any programmatic challenge:**
 - Medical issues (especially if urgent care visit or more is considered)
 - Expressed dissatisfaction of a student with the program
 - Any early departure
 - Violation of COC; especially if there is a potential need to send a student home
 - Any real or perceived sexual harassment/assault
 - Any concerns for student or staff safety/wellbeing
 - Any 'near miss' experience that may have to be communicated (medical and other)
 - Accumulation of minor issues which together form a larger issue
 - Any meaningful risk to SSB standing/reputation
- **Any obvious crisis situation** (e.g. student or staff medical emergency, armed robbery, kidnapping, assault, rape, natural disaster, PR-issue)**but ALWAYS CALL FIRST TO ESCALATE**
