| <b>Itinerary</b><br>- 1:00PM departure from Unit 1 to Shuggie's Trash Pie, 3349 23rd St, SF, CA 94110<br>- 2:30PM departure from Shuggie's Trash Pie to Expert Pet, 657 22nd St, SF, CA 94107<br>- 3:45PM departure from Pet Expert back to Unit 1 Residence Hall.                                                                                                                                                                   |                                    |                                                                                                                                                                                                                                                                             |                                     |
| <b>Weather:</b><br>The weather in San Francisco tomorrow is expected to be partly cloudy with a high of around 64°F and a low of 53°F. It will be cool and breezy, so students should dress in warm layers and bring water to stay comfortable throughout the day.                                                                                                                                                                   |                                    |                                                                                                                                                                                                                                                                             |                                     |
| <b>Imp Notes for Mentors:</b><br>- Let the drivers know at least 20 minutes before you are done with the excursion, so they can pull up where they dropped you off.<br>- Upon arrival back to Putnam, Students and mentors return to Unit 1. Please keep Sameer & Jas updated on your ETA back to campus. If you are running late and will arrive after 3:45 pm, please let the team know. Start checking your arrival time at 2 pm. |                                    |                                                                                                                                                                                                                                                                             |                                     |
