

How Mentors work with Instructors

- Each Instructor will be assigned a Mentor(s) who will be their program liaison
- Roles of the Mentor, POC include:
 - Take attendance every morning at 9:00 AM
 - Escalate to Academic Manager any requests from instructors and report missing students
 - Attend excursions
- Roles of the Mentor, POC do **not** include:
 - Making last minute copies for instructors. Instructors should always come to class prepared with all handouts and supplies.
- If an instructor requires a Mentor for in-class help, they must request it to the Academic Manager at least 1 week before the session start date.
 - Summer Springboard will ensure an appropriate number of Mentors are present for excursions
- **Mentor POC will ONLY TAKE ATTENDANCE and not be in the class with instructors the entire morning**
