

Mentor Groups

Mentor Groups are designed to foster more manageable and deeper connections between students and staff.

Groups meet daily (sometimes throughout the day depending on how they're organized)

Mentor Group activities & meetings are crucial times for staff to facilitate the integration of students' experiences & ensure their academic learning and social time are beneficial to their growth.

Mentor Groups also serve as a functional and safety measure. Properly organized these groups make easy work of student counts, regrouping for the next activity and easily relaying info in smaller groups.

Tips for Mentor Groups:

1. Find a space conducive to inclusivity & privacy
2. Encourage students to sit within group & not outside of it
3. Pay attention to ratios when organizing your groups
 - a. Residential v Commuters
 - b. Enrolled Courses
 - c. Rooming Arrangements
 - d. Gender & Age
4. Don't skip Mentor Groups
