

Clubs vs. Evening Activities

Clubs are:

- Smaller groups that are generally non-academically focused (except maybe study club) for students to socialize with new peers who are not part of their mentor groups or academic programs.
- Lead by mentors
- Focused on a core activity for the smaller group to do together

Evening Activities are:

- Focused on whole group team building and activities for broader socialization.
- Planned and executed by ACs and mentors
- Examples of evening activities:
 - Movie Night
 - Karaoke
 - Flag Painting
 - Talent Show
 - Cultural Exchange Night
 - Science Fair
