

Art of Investigation

- Conduct individual interviews with the students identified in the group chat to determine how often they skipped class and gather any additional information.
- Let all other Mentors know what has happened in detail and get coverage for Sasha and Roman's mentor groups.
- Notify your PD/HQ regarding the breach of the staff/student communication policy and the falsification of attendance records on Reach.
- Request that Emily provide screenshots of the group chat to document the specific messages regarding skipping class and the mentors' complicity.
- Review Reach attendance logs against the group chat timestamps to find documented proof of falsified records.
- Temporarily remove Sasha and Roman from their duties while an investigation is conducted.
- Request a meeting with Sasha and Roman. Facilitate a PIP and let them know they are being given one last chance.
- Call the parents of the students involved to inform them of the attendance falsification and the disciplinary actions being taken.
